

Over the years **Joan and George Hornig** have attended many charity events. Their interest in philanthropy runs deep and is longstanding and they hope it will be contagious.

For the past 2 decades, with George's never ending help, Joan's businesses, Philanthropy is Beautiful(r) Jewelry and Pavé the Way(r) Jewelry, have donated 100% of her profit to the charity of the purchaser's choice. Over 1,000 different 501 (c) 3's have benefited because of the couple's shared commitment to listening to what others care about and helping them raise awareness for their causes as well as funds that make a difference in delivering important services.

There has never been a time when helping others has been more important. The Hornigs ask everyone to keep the giving going in any way they can.
