

# The Dynamo

For more than 50 years Joe Franklin has been entertaining people. Franklin's talk and variety show ran on New York television from 1951 - August 6, 1993. He started weekdays on channel 7 and in 1962 moved to channel 9, where he ultimately moved to late -night Saturdays. Throughout the years Joe has helped jump start the careers of many people such as Barbara Streisand, Joan Rivers and Bette Midler to name but a few. He is still finding and promoting new talent on his weekly radio show on Bloomberg Radio (WBRR AM) at 12:15, 2:15 and 4:15 daily.

Joe still meets and greets his many friends and admirers nightly at his Broadway restaurant. Drop in when you're in New York for some great food, good conversation and let's not forget the comedy nights.
