A fabulous night was had by all who attended the launching of Strikeforce Technologies at Manhattan Motor Cars and Charity Event to Benefit Disabled Veterans. Guests were treated to elegant models strutting down the runway in couture fashions while enjoying a glass of wine. There was exquisite jewelry for sale as well as art and of course those beautiful cars, Rolls Royce, Bentleys, Lamborghinis, Porsche and Lotus. The guest list consisted of international diplomats, presidents and CEO's of Fortune 500 companies, buyers and clients of Manhattan Motor Cars.
