

Dear Black Tie Readers ,

Welcome to Black Tie International Magazine. Join us at the World's most prestigious events where Society, Celebrity, Enterprise and Philanthropy meet. We are your front row seat to the International World of Black Tie Events.

Our cover this Issue is Diana, Princess of Wales. Statuesque, blonde, sparkling eyes of blue, charming, witty with an engaging smile and a true love of people, Princess Diana of Wales won our hearts immediately. Thrust into the spotlight at the tender age of 19 upon her marriage to Prince Charles she has remained there ever since. We watched her grow into womanhood before our very eyes. We shared her joy when her sons, Prince William and Prince Harry were born and her sorrow when her marriage ended. Through all of the ups and downs in Diana's life one thing remained constant, Diana's love of humanity.

After her divorce from Prince Charles Diana was involved with various charities working to help children, homeless people, people with AIDS, as well as her much publicized campaign to ban land mines. In 1997 The Diana, Princess of Wales Memorial Fund was founded and continues to this day raising money which is then distributed to various charities as a "living memorial" to Diana.

Diana 's kindness, caring and continuous love of humanity has given new meaning to the term "global warming". She will continue to live on in our hearts and we can continue to honor her by helping others.

We are just completing a major redesign of our web site. We hope that you will check the site regularly and support the wonderful Foundations we will be featuring.
